ALL ABOARD FOR PROSPERITY SPECIAL

This cartoon by the noted artist, George Grant, carries a significance that is not masked by its humorous vein. Analyze for a moment what the world Olympic games will mean for us Californians in the year 1932. Tourists? Yes! Prosperity? Yes! World-wide publicity? Yes! Altogether a grand and glorious year for the Golden State.

How can we bring about this healthy condition. By going to the polls in the November election and casting our votes in favor of

Proposition No. 2, which ratifies the state legislature's appropriation of \$1,000,000 to assist in financing the games. Our state will appoint a commission to protect us in the expenditure of this money.

Dr. R. A. Hoag returned the last of the week from an extended trip in the east, where he studied at the University of Chicago, and at the Mayo Brothers clinic at Rochester, Minnesota.

County Asked to Finance Extension

Vermont Ave. Proceedings Speeded Up by Action of Supervisors

GARDENA VALLEY NEWS According to recent announcement the plan for the opening up Vermont avenue from 228th street to Gaffey street is now an assured fact. Vermont avenue will be a through street to the harbor. There will be no long drawn out legal procedure but it is stated that the county will provide funds for whatever amount is necessary to acquire the right of way through the 3-mile stretch. One half of this right-of-way, approximately, is in the city and one half in the county, and this is the first time that the county has proceeded in a proposition like this, where part of the land is in city territory.

It is believed that the money will be available from county funds to buy the right-of-way outright, but if not, it will be done under the Mattoon act, which provides that upon depositing the necessary funds with the court to guarantee the re-imbursment of property owners, the county may take over the right-of-way immediately without waiting for the usual long, drawn out condemnation proceedings.

Communities Petition for Water District

Supervisors Set Date for Hearing on Question of Public Service

HAWTHORNE-LENNOX ADVERTISER

In response to the petition for the creation of a water district and the acquisition or construction of a water plant to serve the communities of Lawndale, Wiseburn and Moneta Acres, the board of supervisors have advertised that they will hold a public hearing in the office of the board in the Hall of Records on Monday, October 29 at ten o'clock a. m. to receive protests and ascertain if there are objections to the creation of such a district.

Outstanding features of the proposal as outlined in the notice of hearing include the proposal to construct a plant which will cost according to estimate, \$539,500. Equipment besides the mains, services, etc., which will be wrought or cast iron, will include two steel storage tanks with combined capacity of 300,000 gallons, and the purchase and installation of adequate pumping machinery. The plans call for from one to three wells. The hearing is considered largely a formality here as almost unanimous approval is expressed in all three of the communities affected.

Raise Funds for Storm Victims

RECONDRO REFLEX

It was decided at an enthusiastic meeting held last Monday evening that the three south bay cities would amalgamate and co-operate in their efforts to raise funds for the relief of sufferers in the recent Florida and West Indies disasters and it was decided that such committee would be called "The South Bay District Storm Relief Committee." The original committee was formed in Hermosa Beach.

Motor Accidents Injure Women

Two Crashes Result in Damage to Cars and Passengers

Reinhart Setter, 706 Border avenue, collided with Carl Hellman, 4356 Melbourne avenue, Hollywood, last Saturday evening at 8 p. m. The accident occurred at the intersection of Border and Western avenue. Mrs. Anna Hellman and Marion Hellman received cuts and bruises. Both cars were damaged. Cars driven by Dr. Norman A. Leake of Torrance, and Lillian Richardson of 235 W. Hillcrest boulevard, Inglewood, collided at the intersection of Cravens and Marcelina. Glaring lights of cars coming in the opposite direction is said to have caused the accident. Lillian Richardson was slightly injured.

Mrs. Florence Woods, Mrs. Nettie Hirschfeld, and Holly Woods spent Sunday in San Diego, where they visited old friends.

SPANISH HOMES OF COMMON BRICK

THE SPANISH TYPE of domestic architecture always has and probably always will predominate in Southern California. Spanish design is most appropriate to our history, our climate and our setting. Yet Southern California has scores of failures among the so-called Spanish-style homes. Many builders who might prefer Spanish homes, hesitate because of the unsatisfactory experience of others with this type of construction.

We have just issued an illustrated booklet which discusses Spanish Homes in California. It shows how Spanish design may be safely and satisfactorily used if correct sound principles of construction are employed. Today the finest Spanish homes in California are being built of common brick. The booklet will tell you how you can build a Spanish home with common brick, beautifully, permanently and economically.
